Two Killed at Rudyard Rail Crossing

Donna Jean Berg, 19, daughter of Mr. and Mrs. Walter M. Berg of Havre, and Rosella Ann Threlfall, 20, daughter of Mr. and Mrs. John Threlfall of Butte, were killed early Thursday night when their car reportedly went into a passing Great Northern Ry. freight train at the crossing in Rudyard east of the depot.

Mrs. Berg was killed instantly and Miss Threlfall died on route in an ambulance to the hospital in Chester.

According to a preliminary report by Harold H. Holmes of the Butte division, the girls' car was traveling slowly when it went into the freight train, which was traveling about 30 mph.

It was reported the girls were thrown from their car on impact, clear of the passing train.

Both girls were employed at the Mountain States Telephone and Telegraph office in Havre. Miss Berg was with the phone company since last October and Miss Threlfall since September. Miss Threlfall, it was reported, has several aunts residing in Havre.

Miss Berg, it was reported, was driving the car belonging to her parents at the time of the fatal accident. Both girls were known to be close friends and at the time were on their way to have dinner at another girl's home.

The girls' car was demolished in the accident.

Raymond Fox, Montana Highway Patrolman at Chester, investigated the circumstances of the fatal accident.

It was reported by Fox that a possible cause of the accident was that neither of the girls in the car had seen the oncoming train soon enough to stop the car in time.

The car was struck on the right-front side of the train engine. The train was traveling east at the time, heading for Havre when the accident occurred.

Fox reported that both girls had been thrown from the car on impact with the moving train and they were about six feet away from the train on the ground.

At the time of the accident at the Rudyard railroad crossing, it was reported, the Great Northern signal-warning lights were functioning normally.

Funeral services for Miss Berg were conducted last Monday at the First Lutheran Church in Havre. A memorial has been established at the First Lutheran Church.

Miss Berg was born October 30, 1939 at Lewistown. She graduated from Havre high school in June, 1958. She was employed by the Safeway prior to her present job with Mountain State Telephone and Telegraph Company.

Miss Threlfall was born at Glasgow on January 31, 1939. Her family lived at Nahun, and Glasgow and later moved to Malta where she attended high school.

Two Killed at Rudyard Rail Crossing

DONNA JEAN BERG, 19, daughter of Mr. and Mrs. Walter N. Berg of Havre, and ROSALIA ANN IHNOT, 20, daughter of Mr. and Mrs. John Ihnnot of Butte, were killed early Thursday night when their car reportedly went into a passing Great Northern Ry. freight train at the crossing in Rudyard east of the depot.

Miss Berg was killed instantly and Miss Ihnnot died on route in an ambulance to the hospital in Chester.

According to a preliminary report by Harold H. Holmquist, superintendent of the Butte division, the girls' car was traveling slowly when it went into the freight train, which was traveling about 50 mph.

It was reported the girls were thrown from their car on impact, clear of the passing train.

Both girls were employed as operators at the Mountain States Telephone and Telegraph office in Havre. Miss Berg was with the phone company since last October and Miss Ihnnot since September.

Miss Ihnnot, it was reported, has several aunts residing in Havre.

Miss Berg was driving the car belonging to her parents at the time of the fatal accident. Both girls were known to be close friends and at the time were on their way to have dinner at another girl friend's home.

The girls' car was demolished in the accident.

George Fox, Montana Highway Patrolman at Chester, investigated the circumstances of the fatal accident.

It was reported by Fox that a possible cause of the accident was that neither of the girls in the car had seen the oncoming train soon enough to stop the car in time.

The girls' car, Fox reported, struck the right-front side of the train engine. The train was traveling east at the time, heading for Havre when the accident occurred.

Fox reported that both girls had been thrown from the car on impact with the moving train and they were about six feet away from the train on the ground.

At the time of the accident at the Rudyard railroad crossing, it was reported, the Great Northern signal-warning lights were functioning normally.

Fred Miller, 83
Found Dead In Hotel Room

Fred Miller, 83, was found dead in his room at the Chester Hotel Tuesday afternoon. Time of death was estimated at about 9:30 a.m. He had apparently been well when he retired, and his sudden death comes as a surprise to those who had talked with him the evening before.

Although Fred J. Miller was well known in Liberty County, little is known of his childhood. He was born in Russia on March 24, 1876. During prohibition days he operated a candy store and pool hall in Joplin. As far as is known he never married, but he had a soft spot in his heart for children. When he operated the candy store few children ever passed without receiving candy, whether they had the necessary pennies or not.

In later years Miller worked for Chester Implement until the time of his retirement.

Funeral arrangements are pending. There are no known relatives in this area. However, there are several nieces and nephews in North and South Dakota. It is assumed that the body will be shipped to North Dakota for burial.

Tiber Reservoir Claims Its First Drowning Victim; Aloyse Nold

Aloyse Nold, about 40 of Gilford, was drowned when his boat was swamped with waves from high winds on Tiber reservoir about 3 p.m. Sunday afternoon. The accident occurred in the Willow Creek arm of the reservoir, east of Loeinair. Accompanying Nold in the boat were Kenneth and Philip Moorehouse and Louis Couston, all of Havre. The three survivors were all wearing life jackets. Nold, apparently was not wearing a life jacket, although he had one in the boat.

The four men were fishing when strong winds hurled huge waves at the boat. Suddenly the boat began taking water. According to reports, Nold was operating the boat, and he turned to go to shore when the boat was swamped. The survivors said that the last time they saw Nold he was holding up to a gasoline tank. Suddenly he let go, and disappeared.

The three companions got to shore, then they walked to Nold’s pickup and drove to Chester where they reported the accident.

The accident occurred about 100 yards from the shore in 60 feet of water. The boat, fuel tank and life jacket all drifted to shore and were recovered.

Search for Nold’s body began early Monday morning. The search was headed by Bruce Wolverton, president of the Pondera County Search and Rescue Association. Other officials were Sheriff Dodds Keith, Deputy Sheriff Bill Schultz, Highway Patrolmen George Fox and Jack Kinyon. Game Warden Ray Somers also assisted. From the Shelby Sheriff’s office Bruce Toole and Ed Pierson took an active part in the dragging operations.

Under the direction of Wolverton, a five-boat floatilla was formed, and dragging operations were begun. However, high winds and extremely cold weather made the operation very difficult. The temperature was near freezing. The marker buoys, which were to serve as guides for the floatilla could not be held in place, and the floatilla could not stay on course.

The five boats in the morning floatilla belonged to Herb Fenger, Jack McDowell, Bill Schultz, Cliff Hanson and Lloyd Lund. Guide boats were furnished by the Shelby Sheriff’s office and Jennings Matison. About 20 people took part in the operation, dragging the lines.

Also in the forefront Don Coons of the Shelby Flying Service flew over the area several times in an attempt to locate the body.

By noon it was apparent that the floatilla simply couldn’t be managed in the high winds. The men came to shore for lunch provided by the Liberty County Red Cross and brought out by Darby O’Brien.

After noon the individual boats began dragging with no success.

Finally about 3:30 p.m. the wind let down. More boats had arrived, and Wolverton organized a nine boat floatilla. This was successful, and the body was found with the first pass of the well-organized group. The body was brought to shore, and taken to Chester where it was picked up and taken to the Holland and Bonine Funeral Home in Havre.

Boats in the nine-boat floatilla belonged to Lloyd Lund, Earl Keith, Don Stores, Archie Violett, Clarence McDowell, Ray Gulick, Bill Schultz, Jennings Matison and Bud Hunnewell.

The body was found about 30 feet from shore.

Rosary for Mr. Nold will be recited at the Holland and Bonine funeral home at 8 p.m. Thursday. A requiem mass will be celebrated at the Hingham Catholic Church at 10 a.m. Friday.

He was born Feb. 2, 1926 at Linton, N. D. and came to Hingham in 1943. He was employed as a mechanic for the Farmers Union Oil Company in Havre and farmed north of Hingham. He was a member of the Havre Lodge No. 1291 and the Eagles Lodge.

On June 27, 1951, he married the former Christine Lipp at Hingham. Survivors include his wife, a daughter Donna Rae, 6; a son, Wayne Martin, 8; his parents, Mr. and Mrs. Frank Nold, Strasburg, N. D.; a sister, Mrs. Charles Robins, Cribston, Minn.; and two brothers, Leonard, Casper Wyo., and Joe, Linton, N. D.

Sheriff Dodds Keith expressed his deep appreciation to the Pondera County Search and Rescue Association. He said that without their knowledge and leadership it would have been very difficult indeed to have found the body. Sheriff Keith also expressed his appreciation to the highway patrolmen, and to the officers from Shelby who assisted, as well as to the volunteers from Liberty County.

Other officers of the Pondera County Search and Rescue Association are Bud Miller, vice president; Don Buffington, secretary and Frank Johnson, assistant secretary and treasurer. The association does not receive pay for its work. Donations made to the association are used for the purchase of equipment.

The drowning is the first to occur in Tiber reservoir since the construction of Tiber dam. The dam was completed in 1956. Since that time several boats have capsized, or have sunk, but until the opening day of the 1959 fishing season Sunday, there had been no fatalities.

Eldon Soper Killed When Train Hits Tractor at West Crossing

Eldon Soper, 31, of Chester was killed instantly at 8:10 Tuesday morning when a through freight train travelling at a high rate of speed hit a tractor crossing the railroad track just west of Chester. The accident was witnessed by Burton Bredeson, who was following Soper in a truck. Both the tractor and the truck belonged to Chester Utilities. Bredeson said that he heard the train whistle, but apparently Soper did not hear the warning, perhaps due to the noise from the tractor motor.

A string of box cars 146 ft, 3 inches from the siding may have blocked Soper's view as he was crossing the tracks. He apparently never saw the oncoming train. His body was found pinned to the front of the train. When the train came to a halt it was 57 boxcar lengths, or approximately one-half mile from the scene of the accident.

The tractor was completely demolished. The front end was on the north side of the tracks, 70 feet from the crossing. One rear wheel and the digger were about 200 ft. from the crossing on the south side of the track. The seat of the tractor was found on a road, an estimated 200 yards from the crossing.

Engineer Thomas Reese said he had blown the warning whistle, and saw the tractor just before the accident, but there was no time to stop the speeding train. Geary See was fireman on the train. Louis Walls was brakeman. The train was No. 721, an extra through freight.

Sheriff Dodds Keith said that an inquest will be held, probably next week.

Soper and Bredeson were on their way to Chester Cemetery to excavate a grave when the accident occurred.

Eldon Soper was born September 29, 1927 at Spirit, Wisconsin. He was a son of Frederick and Mabel Soper. He spent his boyhood at the home of his parents and came to Chester some ten years ago. On October 2, 1954, he was married to Alma Zorn of this city.

For the last three years, he was employed at the Chester Utilities and was on duty with the company at the time of his death.

He is survived by his wife, Alma, and two children, Lynette, two years old and Dale, who is 10 months; his mother and two brothers, Howard and LaVerne, all of Luck, Wisconsin; and a brother, Glen, at Trade Lake, Wisconsin, and a host of friends to mourn his death.

Hiram Spence, 56, a farm worker, drowned Sunday afternoon, in a boating accident on a reservoir 28 miles south of Chester.

The accident occurred on the Clarence Romain farm, where Spence had been employed for the past three years.

Liberty County Undersheriff Bill Schultz, several members of the Chouteau County sheriff's office, members of the Pondera Search and Rescue Association, Pondera County law enforcement officers and Ray Somers, game warden, were at the scene following the accident.

The Pondera County Search and Rescue Association conducted the recovery operations, aided by local boat owners living in the vicinity of the accident.

According to Spence's companion, Ted Ackers, a farm worker employed by Lawrence Romain, the two men went for a ride in Spence's 12-foot aluminum rowboat after dinner.

Ackers stated that while he was rowing the boat, Spence stood up, and the boat began to rock and overturned. Both men were able to get hold of the bottom of the overturned boat, but when they attempted to climb onto the bottom, the boat rolled again, throwing them both into the water. Ackers was able to grasp the boat and the one life jacket that was in the craft, but Spence on the other side of the boat could not get hold and went down. Neither of the two men could swim.

Ackers drifted to shore, with the boat, and reported the mishap to the authorities.

Spence's body was recovered early Monday morning, about 3:00 a.m.

The body was taken to Conrad, and from there to Great Falls, where it is reported a sister of Spence resides.

Sheriff Dodds Keith said no inquest into the accident was planned.
